WHOLESALE GROWERS OF
QUALITY GLADIOLUS

BOX 472

GRANTS PASS, OREGON

Spring List - - 1933 Season.

These bulbs have been grown for reproduction purposes only, and no flowers have been cut except to remove seed pods. Our stock is all grown from moderate size planting stock which assures a finished product that is well formed, and full of life; while the combination of climate, new soil, and irrigated fields produces completely developed corms.

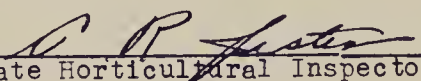

THRIPS? - ?

READ THIS LETTER - - -

Grants Pass, Oregon.
February 11, 1933.

To Whom it may concern:-

After careful and repeated inspection of the Gladiolus crop in the Grants Pass District throughout the growing and harvesting season, giving especial attention to any indication of the presence of the Gladiolus Thrips I have failed to find any trace of this pest anywhere in this district, and I can say that at this time this county (Josephine) is to the best of my knowledge and belief free from this pest.

State Horticultural Inspector.
